

The Now and Future of RNA Therapeutics

Abstract deadline: April 14, 2023

Jun 19 - Jun 23, 2023

日本・淡路島
Awaji · Japan

Awaji Yumebutai International Conference Center
<http://www.yumebutai.org>

ORGANIZERS

Xiang-Dong Fu

University of California San Diego

Mofang Liu

Shanghai Institute of Biochemistry and Cell Biology, CAS

Marco Mangone

Arizona State University

Lynne Maquat

University of Rochester Medical Center

Mikiko Siomi

The University of Tokyo

INVITED SPEAKERS

Isabel Aznarez, Stoke Therapeutics

Vinod Balachandran, Memorial Sloan Kettering Cancer Center

Zicai Liang, Suzhou Ribo Life Science Co., Ltd

Jinzhong Lin, Fudan University

Hiroshi Nishimasu, The University of Tokyo

Daniel Siegwart, UT Southwestern Medical Center

Osamu Takeuchi, Kyoto University

Willeke van Roon-Mom, Leden University Medical Centre

Takeshi Wada, The University of Tokyo

Yanli Wang, Institute of Biophysics, CAS

Ligang Wu, Shanghai Institute of Biochemistry and Cell Biology
CAS

Yuanchao Xue, Institute of Biophysics, CAS

Chengqi Yi, Peking University

Chen-Yu Zhang, Nanjing University

Qiangfeng Cliff Zhang, Tsinghua University

And More...

KEYNOTE SPEAKERS

Lynne Maquat, University of Rochester Medical Center

Chuan He, University of Chicago

Don Cleveland, University of California San Diego

Tsutomu Suzuki, The University of Tokyo

MAJOR TOPICS

1. RNA from birth to death/from basic to translational
2. RNA targeting: Mechanisms and applications
3. RNA chemistry
4. Development of small RNA (siRNA, LNA, PNA, ASO) drugs
5. RNA delivery
6. Genome editing
7. Preclinical and clinical programs

FELLOWSHIPS

We are eager to have as many young people as possible attend since they are likely to benefit most from this meeting. A certain number of presentations by graduate students and postdocs in this conference will be selected as fellowship (USD \$100-\$500) awards.

Tel: +86-512-62729029
